Diversity, Accessibility and Inclusion Sponsorships

C4L seeks to provide a conference and community that is welcoming, inclusive, professionally engaging, fun, and safe for everyone. To accomplish this, we offer sponsorship opportunities aimed at providing an inclusive experience for all attendees, and can be purchased alone, or added to a General Sponsor.

	Streaming Video 2 @ $2,500	Captioning 2 @ $1,500	Post-Conference Video Production 2 @ $1,500	Food & Beverage 4 @ $1,500	Diversity Scholarship 8 @ $2,000
	A live webcast and recording of the C4L Conference is provided to ensure the entire community can participate.	To ensure universal access, the annual C4L conference will provide real-time transcription and closed captioning during the live webstream, along with full transcripts for the published post-conference recordings.	Each day of the annual C4L conference will be shared on the C4L YouTube Channel. After the conference has ended, the videos will be reviewed, re-captioned and edited, and will include a closing screen with a Thank You to the Sponsors.	Each year, about 20% of our attendees report dietary needs. The C4L community is dedicated to providing meals for all attendees, ensuring inclusion at dining events. This sponsorship will cover the costs of meeting these needs.	Diversity scholarships cover travel and conference fees for qualified applicants from underrepresented groups, including international attendees, transgender individuals, and underrepresented ethnic and racial groups.

Join Code{4}Lib as an Exhibitor!

Tables in a high-traffic area provide organizations, projects, and vendors a chance to interact with the Code4lib community on-site, and visibility throughout the conference. Participants will be able to visit tables during the morning and afternoon breaks, lunches, breakout sessions, and immediately following daily sessions. General sponsors are encouraged to also get exhibitor tables. Exhibitor Tables include one complimentary conference registration.

$900

$500 for Non-Profit Organizations
